

## POP-UP TOWER: ASSEMBLY

Kit includes: pop-up frame, magnetic bars and graphic panels with hangers.

Lift the top of the pop-up frame to expand the structure, ensure the nodes are at the top of the structure.

Make sure once the pop-up is fully expanded that all the magnetic locking arms and secure

Fasten the sides together by closing each magnetic arm in the centre of the pop-up tower.

Attach the magnetic bars to the pop-up frame nodes.

Locate the hooks on the hanger to each node and hook into place.

In order to position the panels correctly hook at the top and then line up the panel edges half way across the magnetic bars. Once fitted the panels may need to be adjusted slightly to line up perfectly.
