

POP-UP: ASSEMBLY INSTRUCTIONS

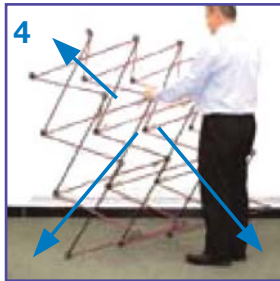

1 A typical kit may consist of: Mag Bars, D-End Graphics x 2 and front and/ or rear graphics.

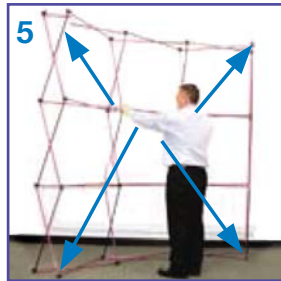

2 Take the frame, ensure the nodes are at the top.

3 Stand the frame on the floor.

4 Start opening up frame.

5 Open frame until the locking arms click the frame securely into place.

6 Add the mag bars onto the system for front, D-Ends and if applicable, the rear.

7 Ensure that the mag bars lock onto the frame securely.

8 Unwrap each graphic carefully and attach to the system.

9 Carefully hook the top hanger onto the top node on each side of the quad.

10 Smooth the graphic onto the mag bars, ensuring that it sits flat and is aligned to the centre line of each mag bar.

11 Repeat for the D-End, ensuring that the fit is correct.

12 Repeat steps 8 and 9 for the rest of the graphics on the unit.

13 This applies to front and rear graphics if applicable.

14 Finally, attach the D-End.

Please note: remove all mag bars before collapsing the frame

POP-UP SCREEN MOUNT

Hardware specifications
